**Annual Members** receive all publications and communications of the Chapter and the opportunity to participate in activities and projects of the Chapter. As a **Life Member**, in addition to the Annual Member benefits, your tickets for the annual banquet and fundraiser are discounted; your Life Membership is given special recognition at the annual banquet; you receive a certificate, suitable for framing, with your name and Life Member number; and finally, you will never have to remember whether or not your dues are current! Your one-time Life Membership fee of only \$300 (compare that with other wildlife organizations!) is kept on account in the Chapter's **Legacy Fund** to be used for special projects.
